The Times of Our Lives

Each day of our life is like a song. Simple thoughts and promises blend together to form the music of who we are. This year we have learned together, grown and shared together. We have sung simple songs together. We've screamed these songs at the top of our lungs, and we've hummed them silently to ourselves. These special songs have become a very important part of our lives, they reflect the special times we've spent together, and a simple melody can bring those Golden Memories rushing back to our minds. Although our high school years are over, we must remember to cherish yesterday, live for today, and dream for tomorrow. Because we've only just begun to live.

I am very honored and proud to have served as Lewiston High School's A.S.B. President. I would like to thank the student body for this honor, and also for making this year a successful one. I will cherish and use the knowledge I've gained through working with and for the students and faculty of Lewiston High School. I extend special thanks to my student body officers for standing by me and with me when problems came up. I also give many thanks to Mr. Mikkleson whose wisdom and advice got me out of many difficult situations.

I hope and pray that in each of our individual walks through life we find the truth that is able to set all mankind free. *John 3:16*

Thespians

Each year the Drama Club does a great service to our school by presenting plays. This year's *Pure as the Driven Snow* and *The Sound of Music* were both a great success. In order to become a thespian, one must accumulate 10 points for work on dramatical productions. This year's officers were Donna Schaff, President, Heidi Ritter, Secretary, Dianna Heitter, Historian, and Kevin Kneisly, Vice President. We salute them for a well done!!!

Girls' State

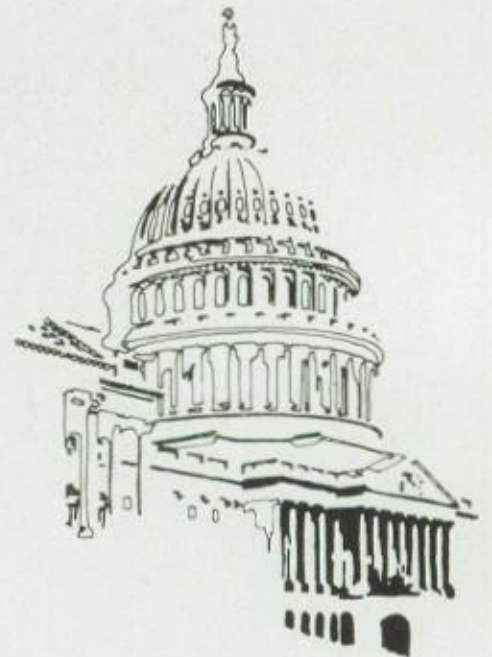

At Girls' State and Boys' State, students from all over Idaho come together and set up their own governments. They form political parties, elect senators, Representatives, and a Governor and take over the capitol. They learn about our state's government, and about life and themselves.

Girls' State and Boys' State are sponsored by the American Legion.

Cafeteria Cooks

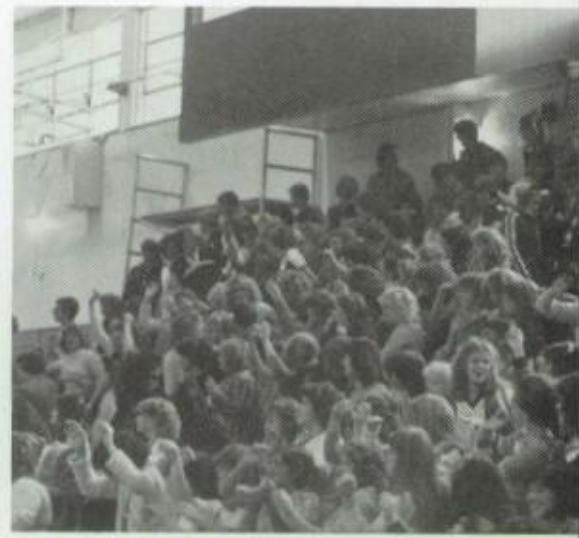

Ala Carte Cooks

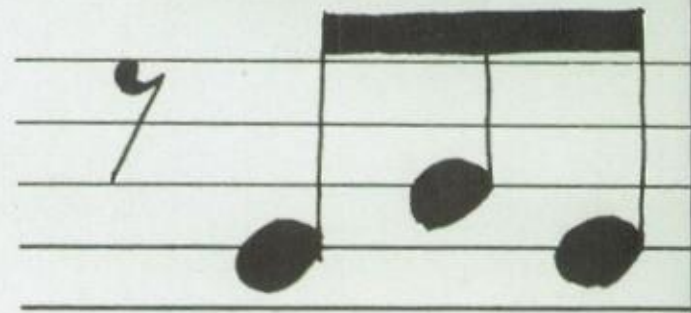

This is one of the janitors who maintain our school and clean the mess caused by our various activities. It's during these times that the janitors really put forth extra effort to keep our school looking its best. Thanks to all of you for a job well done.

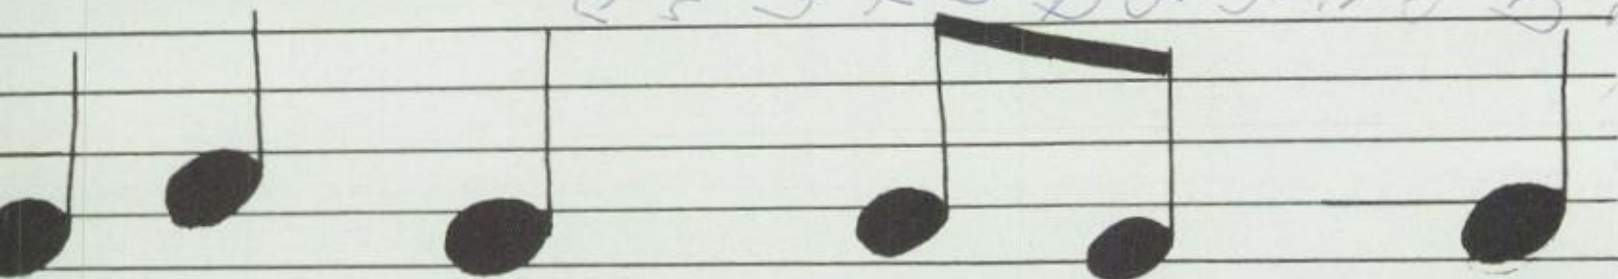

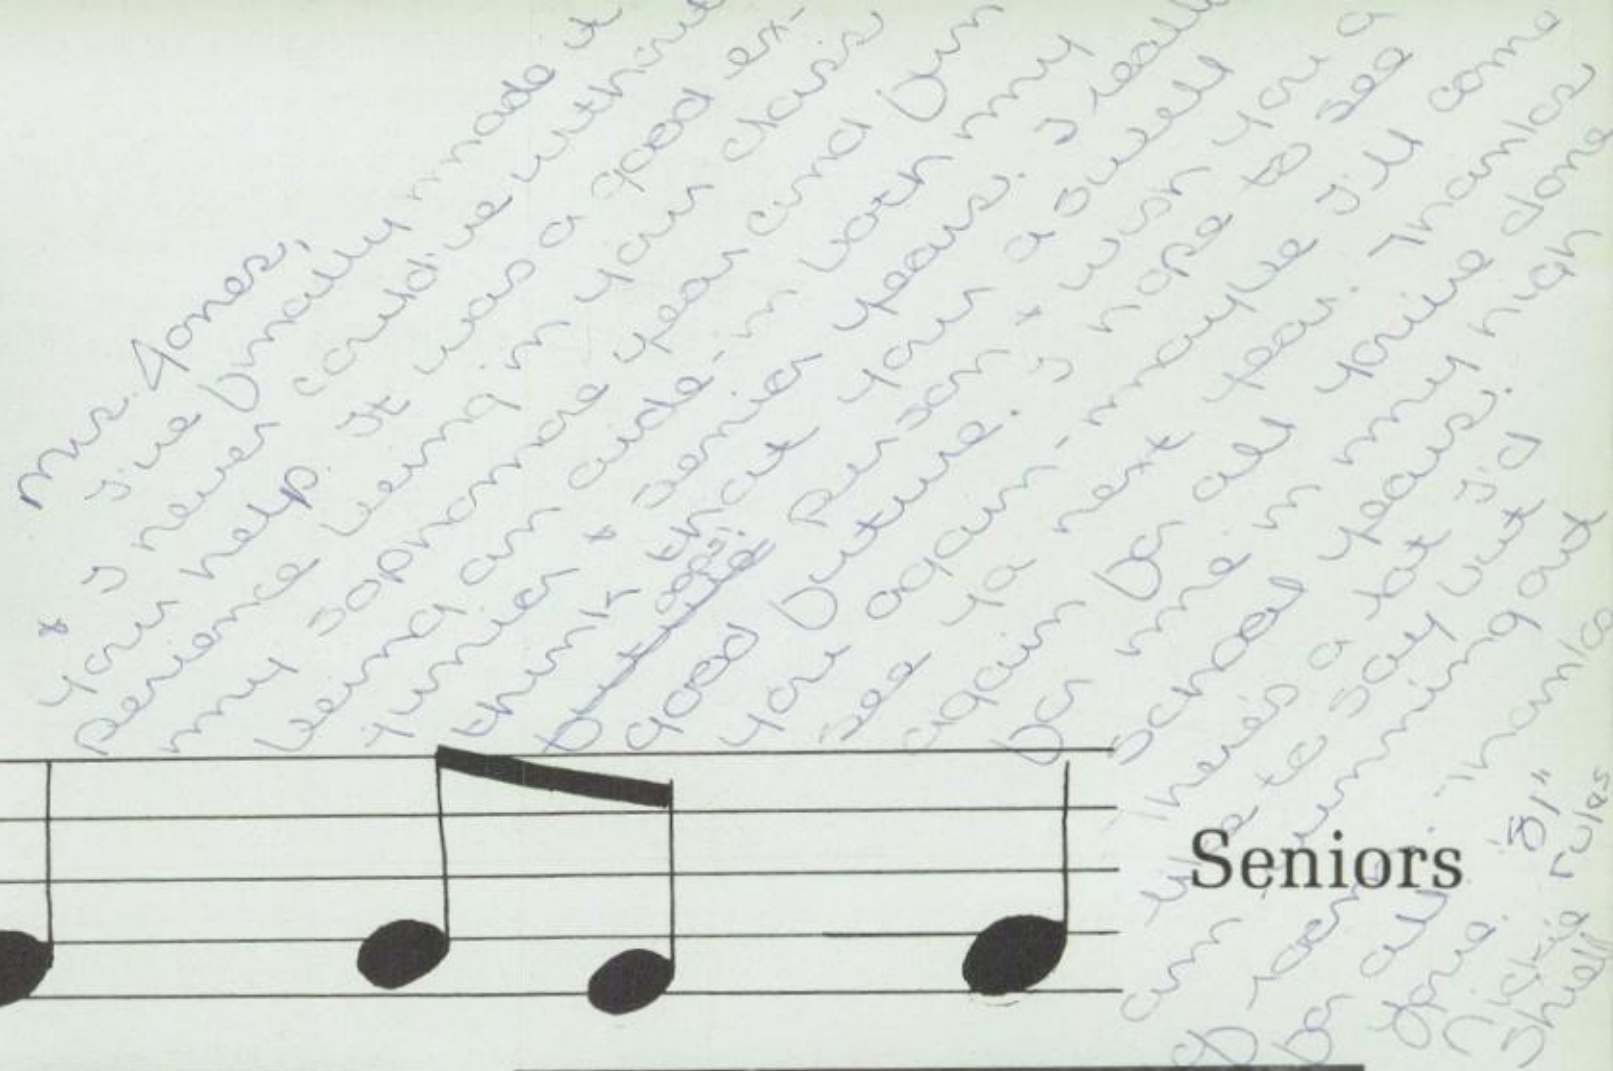

1981 Yearbook Staff

I really am glad that I could
 ride for 1 1/2 years and I wish I could
 have been for 2 years. I really have
 10th grade English down pat. I'll
 never forget the fun times Rickie
 and I had in class. I want
 to thank you for making my
 senior year just that much
 better. Hope you have good
 luck all your life.

Seniors

Senior Class Officers

Class of 1981

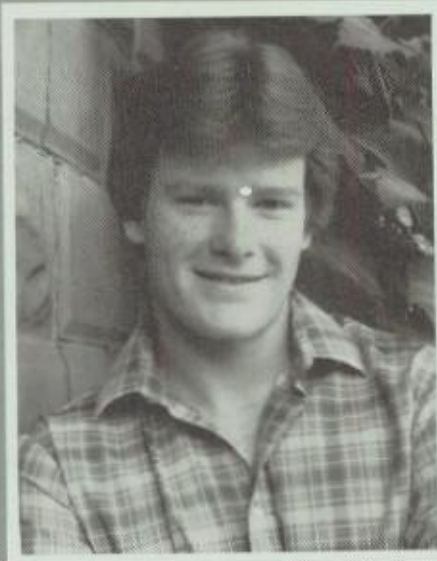

President, Jim Peterson; Vice-President, Marianne Founds; Secretary, Robyn Donaldson; Treasurer, Leigh Castoldi.

We would like to thank the Senior class officers of 1981 for all the help and leadership they have shown through the year. They helped organize the dances, showed their school spirit at school games and kept the class meetings informative and fun. Though they were kept busy they always had time for friends. Their smiles and cheerful "Hellos" made the day a little brighter for us all. Thank you!!!

GOLDEN MEMORIES

As I gaze into the mirror wearing my cap and gown, I see a reflection containing many, many, memories;

The people that have come and gone
The friendships that have grown so strong
The pep rallies, the games, the assemblies
The victories and defeats of Homecoming
The crushes, the dates, and the dances
The lectures and notes, the finals and report cards

From getting class rings to taking those final steps to receive our diplomas, we realize that today, May 29th, is the first day of our new lives.

With friends and family near us in this very special moment, we can see that our dreams are becoming clearer.

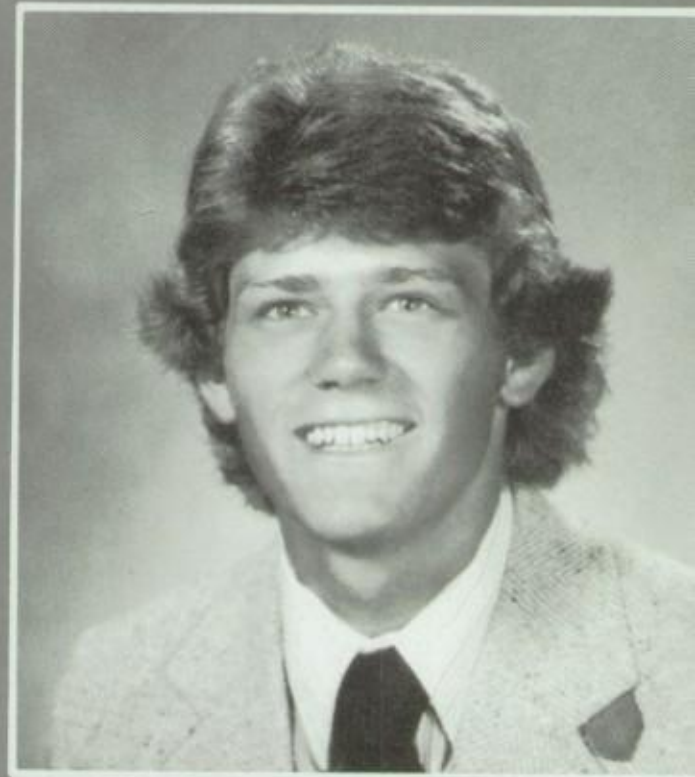

Now the music stops and the tears begin to fall. It's over as quickly as it began. Just yesterday we began the long, hard climb to receive the achievement of our youth and it's over in an instant. We embrace and say good-bye and realize that we may never see each other again, but those precious Golden Memories will linger on forever.

Life in the Fast Lane

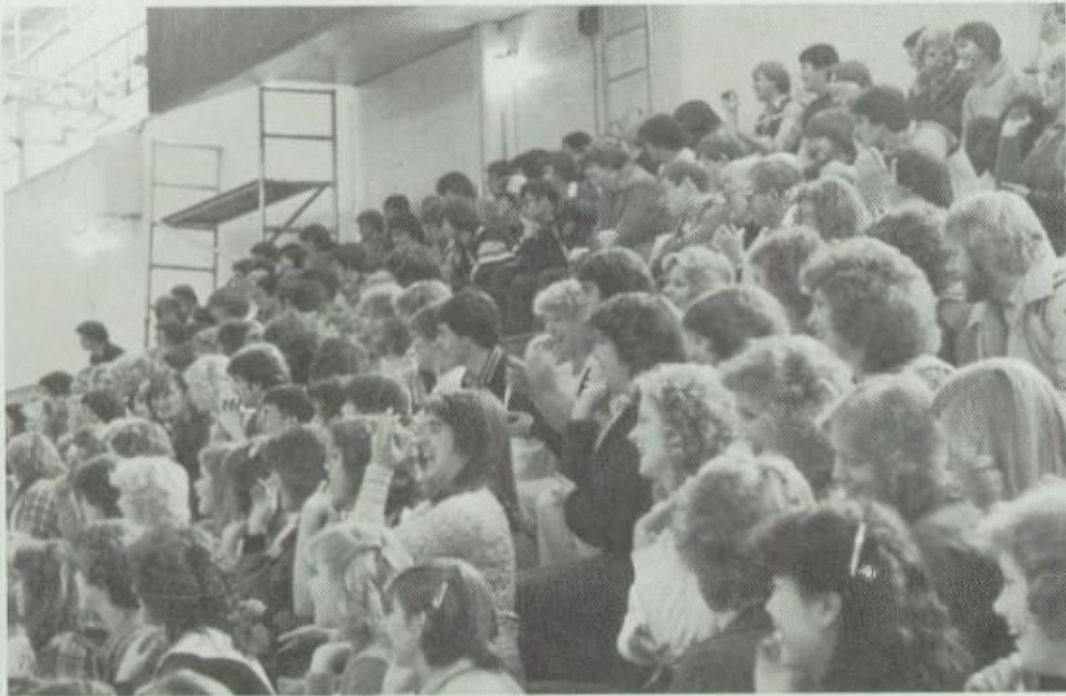

Student Life

School and home is where we spend the majority of our time. Everything we do is in one way or another related to school. Not a day passes without at least a fleeting thought of Lewiston High. The good times and the bad we have been through — the laughter of an assembly, the sorrow of a team defeated. These are the special times that are worth remembering. Though your eyes can see, don't be a blind man, for what other time do you spend six hours a day, five days a week with hundreds of your friends?! Relax-Relate-Enjoy.

Spirit . . . Is the Word!

Spirit Week is a fun-filled time for all who participate. Here Scott St. Marie, Barry Johnson, and Mikki Jacobs show their spirit and their steeds on Western Day. With glasses and a rock-n-roll hair style, Leigh Castoldi shines on Punk Rock day.

A special visit from singer-motivator Charles King added a little spice and spirit to our day. Thanks Charlie!!

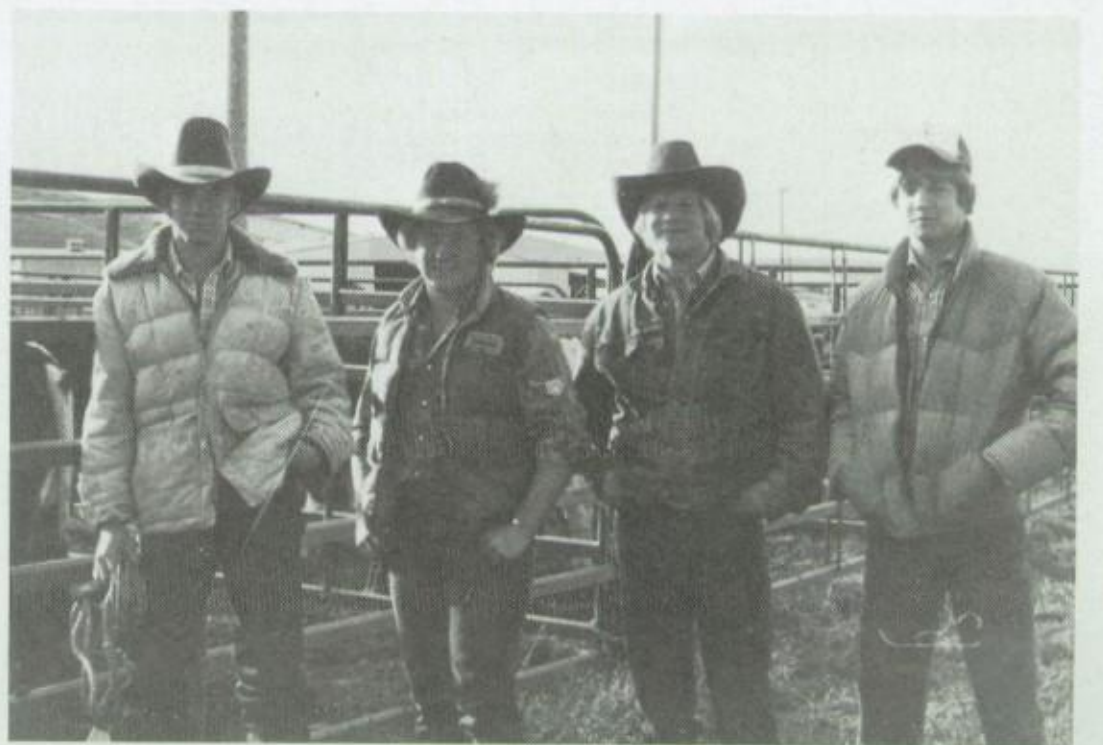

Student Activities

The wide variety of student activities is what makes school-life fun! Some of these activities include chemistry, auto shop, hacky sac, and as a favorite of many, just taking it easy. Whether you be hard at work or hard at play, there is something for everyone.

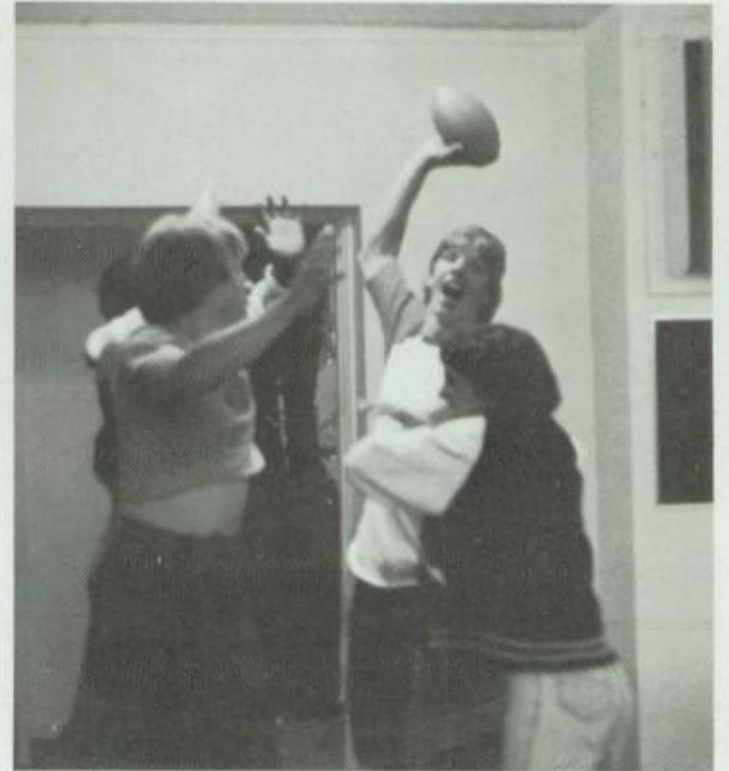

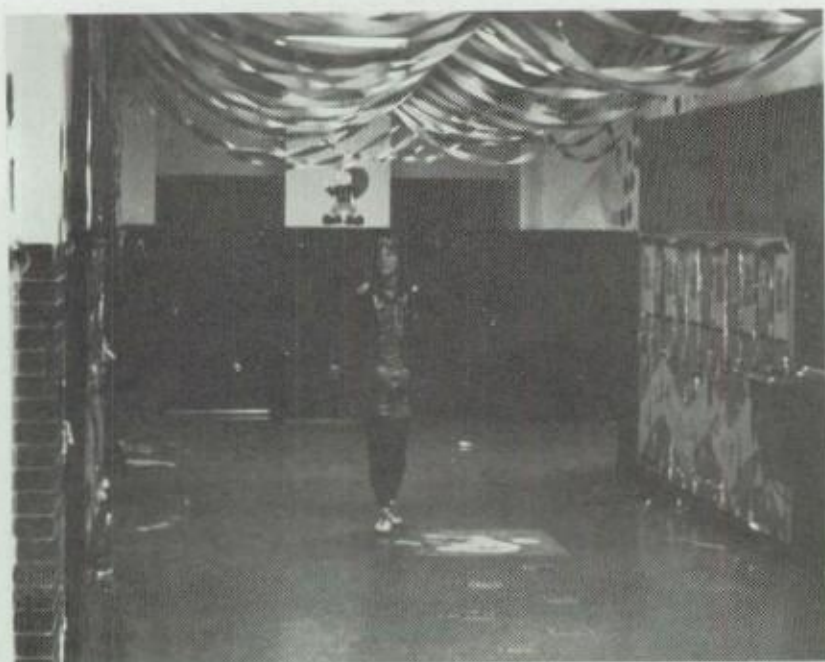

Living from day to day doing the things we enjoy — acting, singing, working, riding. Our life in and out of school is beginning to change as we explore new fields and experiment with new ideas. Our work with our old friends brings us new friends and everyday is spent with a friend!

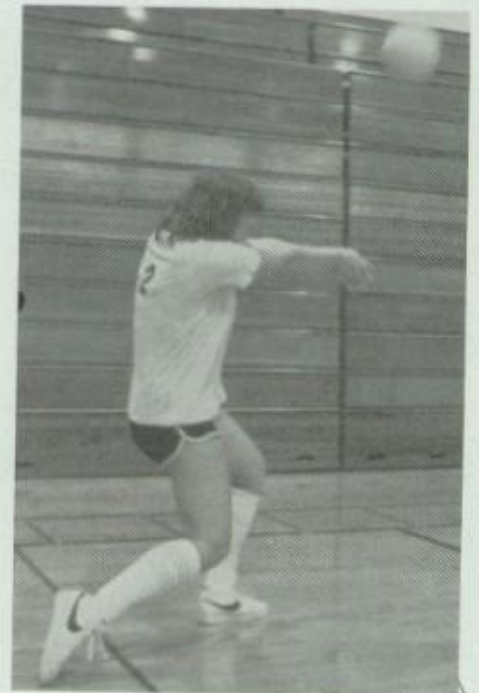

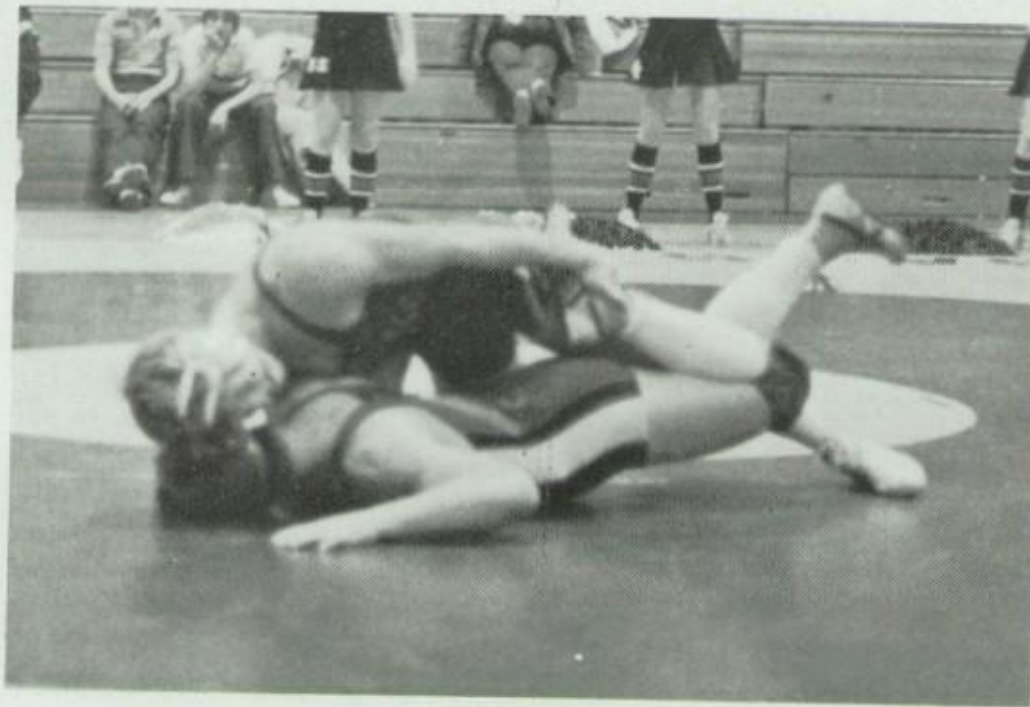

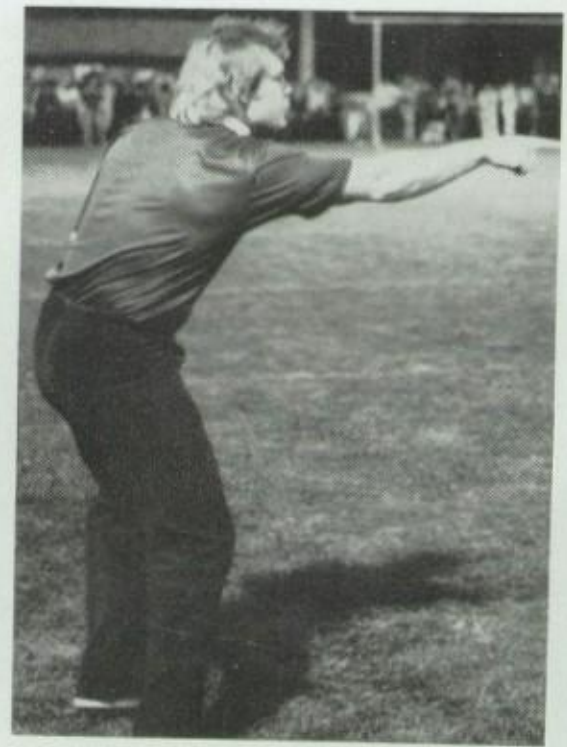

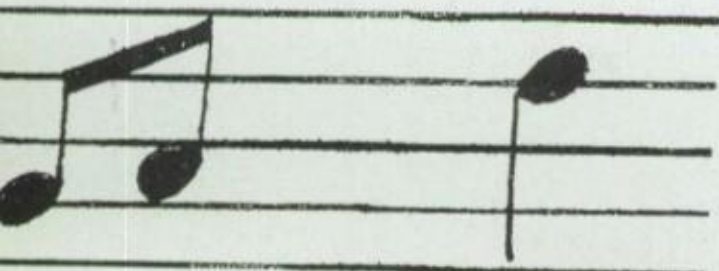

Life in the fast lane can be fun and joyous or sad and painful but always it is accompanied with a little bit of fear and worry. Maybe you are worried about grades or a friend who has been sick. Maybe you are afraid of the changes ahead. Yes, we should look at the bright side but don't ignore the dark. Treat it with respect, tackle your problems. You will live through them and you will learn from them. Always remember your friends and the happy moments you have shared. Keep a song in your heart and a smile on your face for this year can never be brought back.

IF

If you can keep your head when all about you
Are losing theirs and blaming it on you,
If you can trust yourself when all men doubt you,
But make allowance for their doubting too;
If you can wait and not be tired by waiting,
Or being lied about, don't deal in lies,
Or being hated, don't give way to hating,
And yet don't look too good, nor talk too wise:

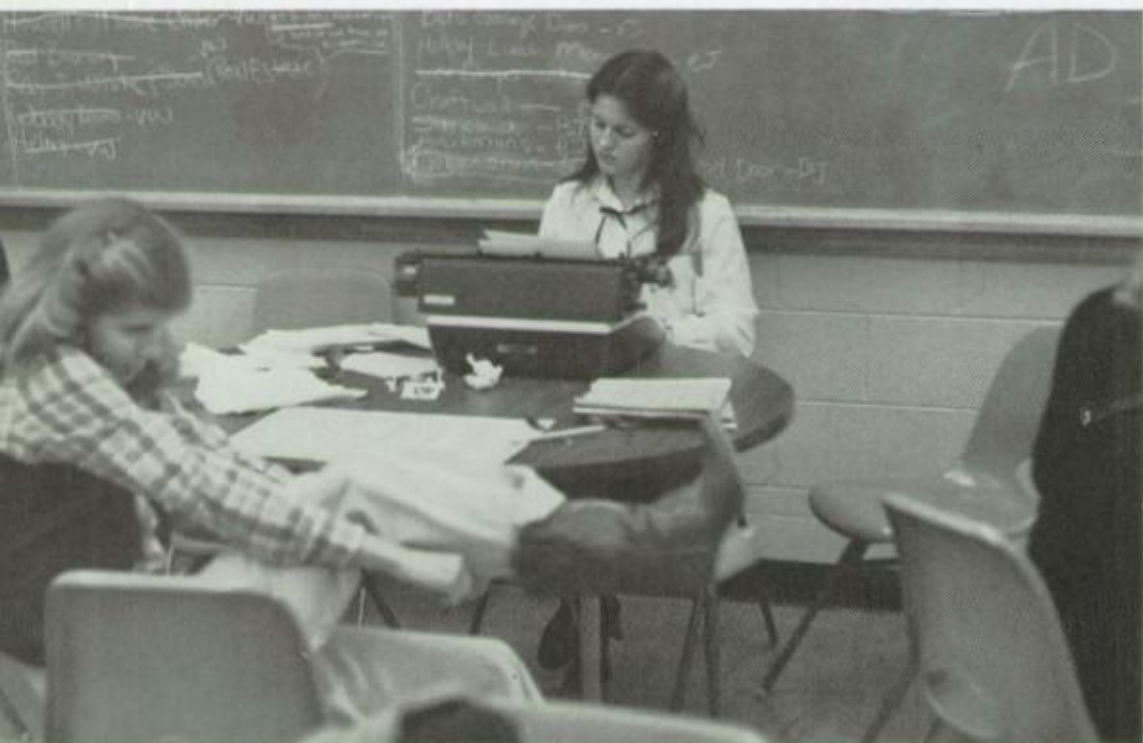

If you can dream — and not make dreams your mas-
ter;

If you can think — and not make thoughts your
aim;

If you can meet with Triumph and Disaster
And treat those two impostors just the same;
If you can bear to hear the truth you've spoken
Twisted by knaves to make a trap for fools,
Or watch the things you gave your life to, broken,
And stoop and build 'em up with worn-out tools:

If you can make one heap of all your winning
And risk it on one turn of pitch-and-toss,
And lose, and start again at your beginnings
And never breathe a word about your loss;
If you can force your heart and nerve and sinew
To serve your turn long after they are gone,
And so hold on when there is nothing in you
Except the Will which says to them: "Hold on!"

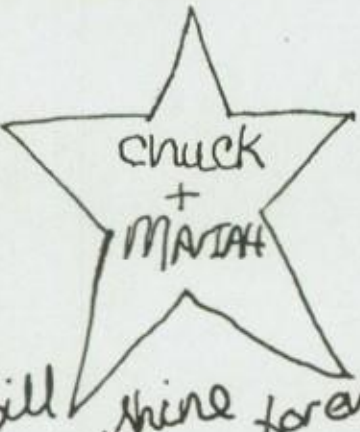

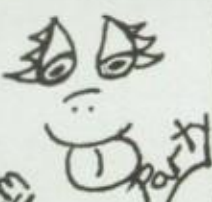

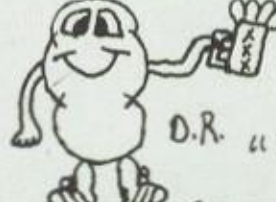

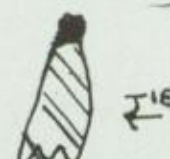

If you can talk with crowds and keep your virtue,
Or walk with Kings — nor lose the common touch,
If neither foes nor loving friends can hurt you,
If all men count with you, but none too much;
If you can fill the unforgiving minute
With sixty seconds' worth of distance run,
Yours is the Earth and everything that's in it,
And — which is more — you'll be a Man, my son!

Dedication: Barry Majorowicz

We the 1981 Bengal staff are proud to announce that we have chosen to dedicate this year's yearbook to Barry Majorowicz. Mr. Majorowicz has been at the high school for the past three years teaching Reading and English.

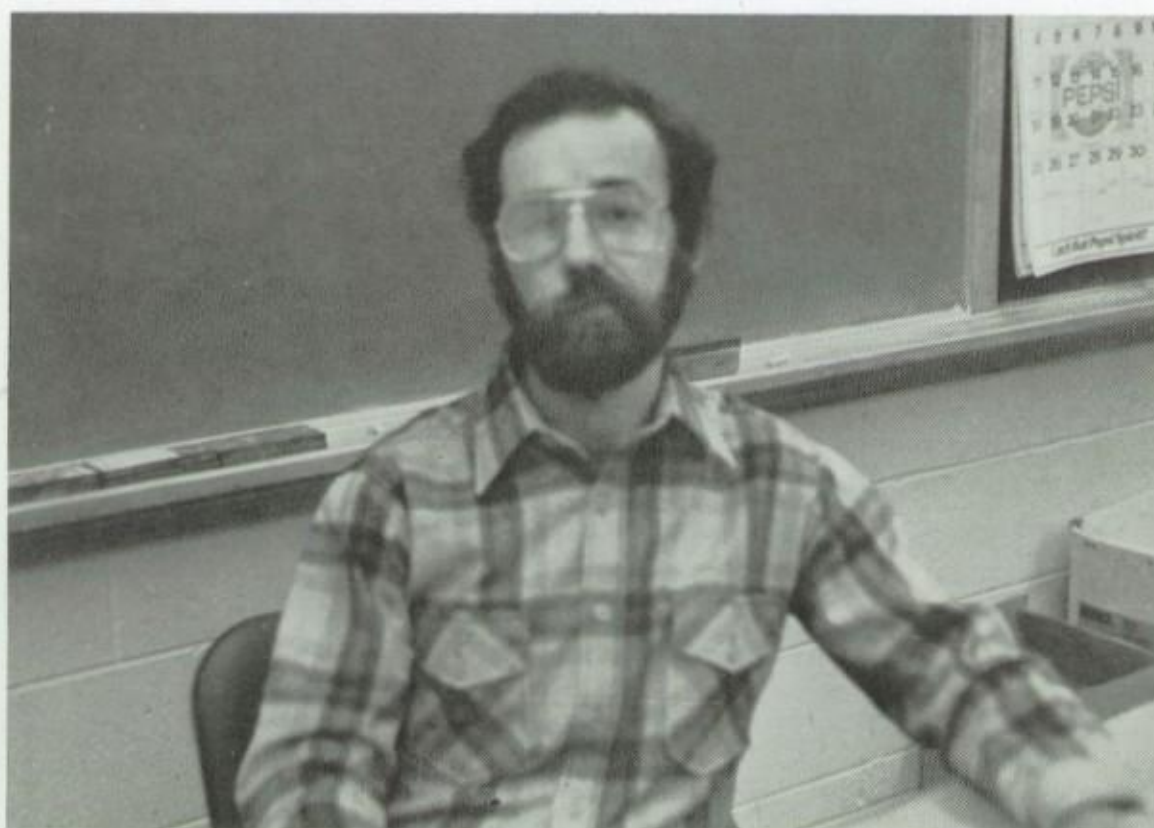

The unanimous decision was based on his strength, courage, and constant dedication. He had to return to work after such a serious illness.

Even though his brain tumor has left him partially paralyzed on his right side, Mr. Majorowicz has kept his constant wit and personality through times when ordinary people would have never made it. This goes to show what kind of a special person he really is.

Barry, you have been a great influence, not only as a teacher, but as a personal inspiration to us all. We appreciate your guidance over these past years and hope others will feel your gift as much as we have.

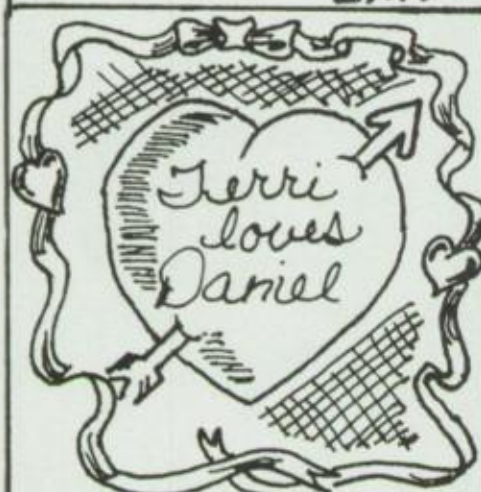

Thank you,

The Bengal Staff

but I'm confident every-
thing is OK now. I wish I could

time so Right ^{oops!} writing for a time!

Mrs. Jones,
I've really
enjoyed being your
student these past 4
years. I'm glad I had
this class fourth hour.
We could talk - you've
been not only a good teacher
to me, but a friend, too. We
had some really good talks -
when I helped you over x-mas
was a good chance for us to chat
You're a super neat lady, with always
a fresh & friendly manner and I
think you're the best English teacher
LHS has by a long shot. Keep
up the good work and I'll keep
in touch!
